## **Electronic Device Use Policy**

Electronic devices (such as mobile phones, smartphones, smartwatches, cameras, etc.) that would allow students or staff members to view, access, retain, or send information for any state-mandated exams are not permitted to be used during any statewide testing.

These devices may only be used by students and employees who utilize them for clearly defined medical needs (such as glucose monitoring or cardiac monitoring) during testing.

Oakland Primary will collect and secure any electronic devices that are not permitted within the testing environment. Having or using prohibited electronic devices while taking a state exam is a testing violation that could lead to disciplinary action and invalidate a student's testing results.

*Vision: Oakland Primary School provides an appropriate educational experience that maximizes success and achievement for every child.*

*Mission: The mission of Oakland Primary School is to educate the "whole" child.*

*Sumter School District is an equal opportunity employer.*
